

Certificate

With this certificate First Climate confirms that

ESG Shipping Awards International 2026 Ceremony & Gala Dinner by ESG SHIPPING AWARDS

supported climate action with certified emissions reductions or removals in the amount of:

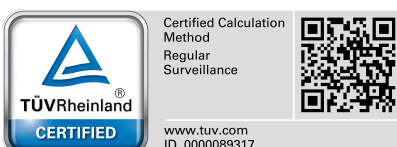

38 t CO₂e

These emissions were reduced or removed from the atmosphere by supporting the following verified climate project:

Electricity from Landfill Gas, Bangkok, Thailand

and the corresponding carbon credits have been permanently retired from the market.

First Climate's services related to the supply and retirement of carbon are audited annually by TÜV Rheinland.

Bad Vilbel, October 2026
